

Discussion Questions Good & Evil Week 02

1. Talk a bit about your week and how you are coming in. What is one high point and one low point of your week? How might God be helping you interpret your experiences?
2. **Read Genesis 1:26 and 2:5.** Compare and contrast the two (first, the call to have dominion over creation; second, that the land needed someone to till the ground). What do these verses tell you about the role of humanity in creation?
3. Paul Pastor says: “We come from love, we go to love, and any other conception of the cosmos is a bitter lie.” What lies about your value in God’s eyes are you tempted to believe?
4. How does it change or impact your story of faith to start with being made in Genesis 1 & 2 vs. Genesis 3 (the Fall)?
5. How can you affirm the reality of being made in God’s image to others? Is there anyone you are tempted to ignore, overlook, or even diminish their image-bearing?
6. Share one thing you would like prayer for, and then spend time praying for one another.
